## TECHNICAL SKILLS

---

**Languages** : C++, Java, JavaScript, Typescript, Python, Rust  
**Frameworks** : React.js, Express, Next.js, Node.js, Firebase  
**Databases** : MongoDB, MySQL, PostgreSQL

## EDUCATION

---

<b>Guru Gobind Singh Indraprastha University</b> <i>Bachelor of Technology in Computer Science, current CGPA 7.1</i>	Dwarka, Delhi, India 2026 - continues
<b>St. Xavier's senior secondary school</b> <i>Senior Secondary (XII) from science, passed with 72 percent</i>	Bihar, India 2021 - completed
<b>St. Xavier's senior secondary school</b> <i>Secondary (X), passed with 75 percent</i>	Bihar, India 2019 - completed

## PROJECTS

---

**Password Saver** [Source Code](#)  

- Frontend Development: Engineered interactive Ui- design to add, update, delete their Password using nextjs, react component and tailwind css.
- Backend Logic in C++: Implemented RESTful API endpoints for frontend-backend communication.
- Database Integration: Designed a relational database schema using prisma and postures database.

**Ecommerce web application** React.js, Next.js, TypeScript, SqlLite, TailwindCss [Source Code](#)  

- A full-stack web application for an e-commerce store.
- Authentication (JWT), backend database (PostgreSQL), payment gateway, and many other features are added.

## EXPERIENCE

---

**Software Developer at StuFlo** *React.js, Next.js, TypeScript, Postgres, TailwindCss* (July 2024 - Present)

- Backend Development:** Use Express.js and PostgreSQL to build new services and optimize existing systems, achieving a 15% improvement in system performance.
- CI/CD Implementation:** Spearheaded the setup of a CI/CD pipeline using Jenkins and Git, automating deployments and minimizing manual errors.
- API Development:** Designed and implemented scalable and secure RESTful APIs, integrating seamlessly with frontend applications and third-party services.
- Mentorship:** Guided junior developers during onboarding and resolved code-related issues, enhancing overall team productivity and collaboration.

**Treasurer at TheFossClub** (sept. 2023 - Present)

- Fundraising and Sponsorship:** Successfully secured sponsorships from multiple organizations.
- Event Management:** Organized and coordinated club events, including hackathons and workshops, fostering an engaging environment for participants.
- Public Speaking:** Delivered impactful talks during events, effectively representing the club and engaging audiences.
- Financial Oversight:** Maintained and managed the club's budget, ensuring transparency and efficient use.

## INTERNSHIP

---

**Software Developer at StuFlo** *React.js, Next.js, TypeScript, SqlLite TailwindCss* 3 months (July-Sept 2024 )

- Frontend Development: Built dynamic user interfaces using *React.js, Next.js, TypeScript, TailwindCss* enhancing user experience by 25 percent through performance optimizations.
- Feature Development: Created and maintained multiple features in an MVC framework for the client, utilizing Express.js, Sqlite for backend logic and database management.
